Volunteer and Paid Trainers: What are the Implications for the Future of Travel Training Services?

Lucinda Shannon ~ Lynn Winchell-Mendy ~ Karen Wolf-Branigin
The National Center on Senior Transportation

1. Do volunteers and paid trainers provide the same or different travel training services?

2. Are there circumstances when a volunteer trainer is:
    a. Appropriate
    b. Inappropriate

3. Should paid trainers be concerned that:
    a. Current funders will want to transition to a volunteer service?
    b. Future, potential funders will want to begin a volunteer vs. a paid service?

4. Is there a role for both volunteer and paid trainers and if yes, what is that role?

5. What recommendations do you have for sharing the group's work today with ATI members and others interested in the professional field of travel training?
